

**DAUPHIN WAY**  
UNITED METHODIST CHURCH

---

## **Volunteer Role: JACOB'S LADDER**

### **Purpose:**

How does this position “make disciples who make a difference”?

To do handiwork on the church campus and for church members or neighbors in need.

### **Key Responsibilities:**

- Come to the church on Tuesdays to work with the guys around campus
- Or choose to be on a list of people who do repairs outside of the normal Tuesday workday
- We also partner with Habitat for Humanity on projects

### **Requirements:**

- Tuesdays are the usual day for projects at the church campus
- Availability on weekends is also helpful for workdays around town
- Minimal skills are required- Robert Hunter and his team will orient you and teach you how to do the job you are working on.

### **Time Commitment:**

There is something for people to do around campus every Tuesday from 7am-3pm, and other timeframes can be arranged, too. Saturday projects typically last the morning, depending on the scope and scale of work.
